3. PARTIES BOUND AND APPLICATION

This Agreement is between the Minister administering the *State Service Act 2000* and the Australian Workers Union and applies to employees who are classified according to the AWU (Tasmanian State Sector) Award and who are assigned duties in the Parks and Wildlife Service.

4. DATE OF OPERATION AND DURATION

This Agreement cancels and replaces the *AWU Bushfire Suppression Operations Industrial Agreement 2014* which was registered on 23 June 2014.

This Agreement applies with effect from 23 June 2016 and will remain in force until 30 June 2019.

5. RELATIONSHIP TO AWARDS AND AGREEMENTS

Employees bound by this Agreement are, except for this Agreement, subject to the AWU (Tasmanian State Sector) Award, the AWU Public Sector Union Wages Agreement 2016 and the AWU Public Sector Union Wages Agreement 2018. Where any inconsistency occurs between this Agreement and the Award or any registered Agreement, this Agreement is to prevail.

6. BUSHFIRE SUPPRESSION OPERATIONS

- (a) Employees undertaking Bushfire Suppression Operations are to be paid for hours worked according to the relevant overtime and penalty provisions specified in the AWU (Tasmanian State Sector) Award.
- (b) Employees appointed to a role specified in Table 1 are to be paid at the appropriate rate specified for the role, which is also the rate to be used for calculating any penalty and overtime payments that apply, subject to sub-clause (f) of this clause.
- (c) Bushfire Suppression Operations do not include work on any planned fires such as fuel reduction burning.
- (d) Fires are declared and managed in accordance with agency bushfire management policy and the Inter-Agency Fire Management Protocol.
- (e) Roles for Bushfire Suppression Operations are as defined according to Table 1. The General Manager, Parks and Wildlife Service will determine the bushfire level based on the following criteria:

Level 2 - A developing or developed incident of medium size or complexity carrying moderate risk that will generally require the use of resources from outside the Region and could involve one or several agencies. The incident is not likely to be contained in one operational work period. The Incident Controller may be undertaking more than one functional role but will normally have delegated at least one functional role. This may require the deployment of some components of an Incident Management Team. The incident may be conducted under single agency or District/Regional level multi-agency oversight.

Level 3 - A major incident carrying high risk that involves many resources and inter-agency operations. This may involve multiple land tenures and/or jurisdictions. The incident may require the commitment of resources over an extended period of time (days or weeks) to resolve. It will require the establishment of a dedicated Incident Control Centre. It will require the deployment of a well-resourced Incident Management Team and may be conducted under State level oversight.
