The rates of pay are based on a standard apprenticeship of four years. The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school based apprentice undertaking the applicable apprenticeship.

(vi) Conversion from a School Based to Full Time Apprenticeship

Where an apprentice converts from a school based to a full-time apprenticeship, all time spent as a full-time apprentice counts for the purposes of progression through the wage scale. This progression applies in addition to the progression achieved as a school based apprentice.

School based apprentices are entitled to pro rata entitlements available to employees covered by this award.

PART III – CLASSIFICATION AND RELATED MATTERS

1. CLASSIFICATION DESCRIPTORS

(a) Introduction

(i) Purpose:

The purpose of classification descriptors is to categorise the wide range of occupations and different types of work across the Tasmanian State Service into distinct work value levels, to which salaries are aligned.

The classification standards are broad and describe the core features of work at each band from seven perspectives called job components. The classification descriptors determine the appropriate classification for the duties assigned to employees.

(ii) "Best Fit":

The job components have equal weight or effect and no description within a component has more importance than another. Some descriptors, however, are more relevant in describing different types of work than others, and therefore will have more influence in classifying that work. Naturally, not each and every descriptor applies to any individual job. These descriptors are appropriately used when particular job components and the overall theme or "feel" of a particular band provides the "best fit" to an employee's duties.

In using the descriptors it is important to consider particular organisational arrangements, such as the reporting relationships above and below specifically assigned duties.

(iii) Similarity of Descriptors:

The descriptors of some job components at different bands are similar because of shared requirements which mean the key differences in different work value levels lie in other features of the work.

(b) Qualifications and Essential Requirements

(i) Qualifications:

(1) General Stream

The employer may determine that a qualification is essential according to the nature of the work to be undertaken. The qualification may be provided by a university, a vocational education organisation or a registered and accredited training provider.

(2) Professional Stream

The employer is to determine the appropriate degree of at least three years duration, or equivalent, as provided by a university relevant to the professional duties to be undertaken is required.

(ii) Essential Requirements:

The employer may determine that certain requirements need to be met according to the nature of the work to be undertaken.

(c) Features

The following are the key features of the Classification Model:

- (i) The General Stream has ten bands with an Advancement Assessment Point in Bands 1, 4, 6, 7 and 8 which provide for two ranges within those bands.
- (ii) The Professional Stream has six bands, with an Advancement Assessment Point in Bands 1, 3 and 4. Salary progression from Band 1 to Band 2 occurs without promotion.
- (iii) Work is described in seven job components for each band.

The components are:

(1) Focus:

The primary purpose of work at each band, including the range of objectives and activities.

(2) Context and Framework:

The operating environment and decision-making framework for work at each band.

(3) Expertise:

The qualifications, knowledge and experience required for work at a particular band.

(4) Interpersonal Skills:

Oral and written communication skills and the ability to lead people and manage relationships.

(5) Judgement:

Critical thinking, problem solving and decision-making requirements of each band.

(6) Influence of Outcomes:

The influence and effect that work of a satisfactory standard would have on the outcomes required of each band.

(7) Responsibility for Outcomes:

The principal responsibilities of work at each band.

(iv) The General Stream descriptors define work in 4 broad levels according to the focus of the work and the framework in which it is performed. These are as follows:

(1) Bands 1, 2 and 3

Work involves the application of practices, methods and standards according to existing guidelines, systems and processes.

(2) Bands 4, 5 and 6

Work involves the maintenance and modification of guidelines, systems and processes according to a defined policy and regulatory operating environment. The operating environment is Agency-specific in terms of organisational design, planning, structures and interpretation of government objectives.

(3) Bands 7 and 8

Work involves the interpretation and modification of policy and regulatory settings according to operational requirements (internal – how we work) and service delivery (external - what we do) demands. A broader whole-of-Agency and/or whole-of-government perspective.

(4) Bands 9 and 10

Work involves significant new strategic, policy and decision-making frameworks that apply to specific areas of specialisation of extremely high sensitivity or wide strategic importance, or which have far reaching implications for government or beyond and whole-of-government and whole-of-community and whole-of-discipline perspective.

2. REFERENCE FRAMEWORK

The following definitions have been adopted to complement the classification descriptors. They reflect the hierarchical nature of the work undertaken in complex State Service organisations. The work performed by individuals in these organisations may range across one or more aspects of this reference framework. Invariably, however, the principal objective of the work of an individual employee aligns more closely with one aspect than another.

(a) Task

A defined piece of work which forms part of a unit of activity.

(b) Discipline

A branch of instruction. For example: botany, accountancy, journalism, information science, underwater diving, carpentry.

(c) Field

An area or sphere of operation or activities. For example: Occupational Health and Safety, Training and Development, Expenditure Control.

(d) Activities

Work and actions of related fields that typically combine within a functional (Branch) or program area.

(e) Program

A program may stand alone or located within a functional unit. Typically involves related disciplines within a function of an Agency or related fields that range across functional areas. May have a defined life span and/or includes a project.

(f) Function

A related and aligned area of activities combined to form a unit (typically a Branch) within the structure of a Division.

(g) Policy

Create, design, develop, model, trial, test, modify, adopt or implement a course of action.

(h) Strategy

Policy implementation – what, how, by whom, when and where.

3. SUMMARY OF DIFFERENCES BETWEEN GENERAL STREAM BANDS

(a) Band 1

Work involves routine tasks requiring the application of precise practices according to existing processes with strictly limited scope and discretion.

(b) Difference Between Band 1 and Band 2

Band 2 undertakes multiple and diverse tasks which require some independent judgement in how they are performed. Performance is assessed by the satisfactory completion of tasks consistent with an increasing degree of independent management of work.

(c) Difference Between Band 2 and Band 3

Band 3 tasks are complex and involve intricate and unrelated techniques that require may require qualified and specialised skills. The exercise of independent judgement is integral to the work and non-standard requirements require considerable creativity and initiative. Assistance is provided to a supervisor.

(d) Difference Between Band 3 and Band 4

Band 4 work is directed at co-ordinating and integrating the operational functions to be undertaken, or towards understanding and interpreting the decision-making framework within which the work activity occurs, or aspects of both, depending upon range of the activities of the work area.

(e) Difference Between Band 4 and Band 5

Band 5 work is directed at co-ordinating and integrating the operational procedures to be undertaken, that is, the systems and processes for program and service delivery within which a multitude of tasks are performed. High level specialised skill and expertise in a particular discipline or field of activity.

(f) Difference Between Band 5 and Band 6

Band 6 work applies the decision-making framework (policies, rules and regulations) in support of program or service delivery of a defined field of activity, which may involve more than one discipline. Considerable autonomy of approach in delivering outcomes and the advice and recommendations provided are regarded as definitive for that activity.

(g) Difference Between Band 6 and Band 7

Band 7 work leads a complex activity or program unit requiring the development and/or determination of the operational methodology according to the decision-making framework and service delivery requirements.

(h) Difference Between Band 7 and Band 8

Band 8 work leads a complex functional or program unit and develops program strategies, policies and operational approach. The outcomes of the functional or program activities have a direct and significant effect on the achievement of organisational objectives.

(i) Difference Between Band 8 and Band 9

Band 9 work leads a multi-functional or multi-disciplinary program where operational policies and precedents are not definitive and outcomes are of critical strategic importance across Agencies or at government level.

(j) Difference Between Band 9 and Band 10

Band 10 work leads a multi-functional or multi-disciplinary program which may influence government policy and involve a high degree of sensitivity or risk and where outcomes can influence national debate in the field of expertise.

Bands 9 and 10 cater for work requiring high level specialist expertise, as demonstrated by associated attraction and retention issues, in excess of Band 8 but which does not have the management and/or corporate focus required of Senior Executive Service work. These duties and responsibilities will continue to be required to satisfy Senior Executive Service criteria and work value considerations.

The difference between Bands 9 and 10 will also often result from market forces, the impact on government, the significance of outcomes and reporting arrangements.

6. STATE SERVICE ACCUMULATED LEAVE SCHEME

An employee is to be entitled to participate in the State Service Accumulated Leave Scheme under the terms and conditions specified in this clause.

The scheme is to be known as the State Service Accumulated Leave Scheme (SSALS).

(a) Summary of Scheme

The SSALS allows the employer to approve Plans under which participating employees will, by taking a reduction in normal salary for a given period, become entitled at the end of that period to a pre-determined amount of special ("accumulated") leave during which they will be paid salary at the same reduced rate.

(b) Interpretation

The conditions and administrative arrangements in the SSALS are to be administered in conjunction with the *State Service Act 2000* and the State Service Regulations 2001.

'Accumulated leave' means the period of time that is accumulated under the Plan as leave during a work period.

'Leave period' means the period specified in a Plan when a participating employee is absent from work on accumulated leave.

'Normal salary' means the salary that would be paid to a participating employee if that person was not participating in a Plan and includes salary expressed as an annual rate, fortnightly rate, weekly rate, daily rate or hourly rate. It includes all allowances that are paid as an annual rate, fortnightly rate, weekly rate, daily rate or hourly rate but not overtime payments and shift work penalty rates unless they are paid as a component of an annualised rate.

'Operational requirements' means the need to ensure that the Agency is to be operated as effectively, efficiently and economically as possible.

'Participating employee' means an employee whose election to participate in a Plan has been approved by the employer.

'Plan' means an arrangement in the SSALS consisting of a specified work period followed by a specified leave period.

'Work period' means the period specified in a Plan when an employee is at work.

(c) Plans

The SSALS consists of arrangements known as Plans. For example:

<u>Work Period</u>	<u>Percentage of Normal Salary payable during the period of the Plan</u>	<u>Leave Period</u>
Four Years	80% "The Four over Five Year Plan"	One Year
Three Years	75% "The Three over Four Year Plan"	One Year
Twenty Months	83.3% "The 20 over 24 Month Plan"	Four Months
Eighteen Months	75% "The 18 over 24 Month Plan"	Six Months
Forty Eight Weeks	92.3% "The 48 over 52 Week Plan"	Four Weeks
Forty Weeks	76.9% "The 40 over 52 Week Plan"	Twelve Weeks
(Other Plan) "A"	$\frac{A}{A+B} \times \frac{100}{1} = \dots\%$ (to one decimal place)	(Other Plan) "B"
..... Years Year Year
..... Months	The over..... Month Plan" Months
..... Weeks Week Weeks

(d) Application of SSALS

- (i) The employer, after considering the operational requirements of the Agency, determines whether any Plan or Plans are to be available to employees in the Agency.
 - (ii) The employer may make any Plan or Plans available to employees in an Agency or an employee or employees can request the employer that a Plan be made available to them.
 - (iii) A Plan may be made available to any permanent employee (full or part-time) including an employee who works shifts. A Plan may be made available to any temporary employee the term of whose contract of employment is sufficient to cover the period of the Plan.
 - (iv) The employer determines:
 - (1) whether one or more Plans will be made available to all or only some of the employees;
 - (2) whether particular Plans will be made available to particular categories of employees;
 - (3) whether quotas will apply to the number of employees who may participate in a Plan, and whether quotas will apply to any category of employees;
 - (4) the selection arrangements where quotas are imposed; and
 - (5) the commencement date of any Plan.
 - (v) Where an employee participating in a Plan is promoted, transferred, seconded or otherwise moved either into another Agency or within their own Agency the employer in which the employee is thereafter employed will, after consultation with the employee and taking into account the operational requirements of the Agency, determine whether or not the employee is able to continue on their Plan.
 - (vi) If the employer determines under subclause (d)(v) that the employee is not able to continue on their Plan, the employer may forthwith terminate the employee's Plan whereupon the employee becomes entitled to a period of accumulated leave which bears the same proportion to the total leave period of the Plan as the period worked under the Plan bears to the total work period, to be remunerated at the percentage of normal salary payable during the period of the Plan. The employee may apply to the employer at any time to take that leave, and it is to be granted as soon as can be, consistent with the operational requirements of the Agency.
- (e) How to Participate in SSALS
- (i) Where the employer offers a Plan to an employee the employee may elect to participate in the Plan by lodging an election in writing with the employer in any form which the employer may approve.

- (ii) The employer may accept or reject an election to participate made in accordance with subclause (e)(i).
 - (iii) The employer will notify the employee in writing if the employee's election has been disapproved.
 - (iv) Where the employee's election is approved, the employer will endorse approval on the form of election which was lodged by the employee, and will provide the employee with a copy of that endorsed form.
 - (v) An employee's election under subclause (e)(i) does not entitle the employee to participate in a Plan until it is approved by the employer in accordance with subclause (e)(iv).
 - (vi) A participating employee wishing to withdraw from a Plan must apply in writing to their employer who may refuse the application if he or she considers such refusal to be reasonably required to meet the operational requirements of the Agency.
- (f) Conditions and Administrative Arrangements

- (i) Work Period to be completed prior to Period of Leave

The work period specified in a Plan must be completed before a participating employee can commence the leave period specified in that Plan.

- (ii) Suspension of Plan

The employer on the application of the employee or otherwise can in writing suspend a Plan.

In deciding to suspend a Plan, either on application of the employee or otherwise, the employer will take into account the employee's circumstances and response to any proposal to suspend, and what is reasonably required to meet the operational requirements of the Agency. Suspension may occur either during the work period or the leave period of the Plan, and will be for such period as may be specified by the employer in the instrument by which the Plan is suspended.

Where the total period of the Plan comprises five years or more (for example a four over five Plan) the Plan may only be suspended with the agreement of the employee.

An employee is entitled to compensation for reasonable expenses incurred by the employee, but not otherwise recoverable, as a result of the employer's decision to suspend the Plan otherwise than on the application of the employee.

- (iii) Accumulated Leave

Accumulated leave is to be managed in accordance with any legislative requirements and with any guidelines which may be issued by the relevant employer which are not inconsistent with the SSALS.

A record is to be kept to show at all times the exact amount of the accumulated leave for each participating employee.

APPENDIX 11 - SCHOOL ADMINISTRATIVE STAFF TSSA TRANSLATION

This appendix details the classification translation structure that applies to school administrative staff effective from 5 March 2009. These arrangements result from the review process as outlined in Appendix 1, Clause 2 regarding Targeted Occupational Groups, specifically School Support Staff, (Executive Officers and Administrative Assistants) Department of Education. These arrangements derive from negotiations and agreement with the Community and Public Sector Union (State Public Services Federation Tasmania) Inc.

Five generic Statements of Duties (SoDs) have been developed and approved for School Administrative staff and reflect the work value of the classification of duties assigned to schools and the classification standards in the award.

Classification translation for School Executive Officers (SEOs) is in accordance with the classification of duties assigned to schools, as per Table 2.0 below.

Classification translations for other School Administrative Staff are in accordance with the classification of duties assigned to schools, as per Table 1.0 below.

The classification of duties assigned to schools is based on the different levels of skills and responsibilities required for the duties that are performed. The classifications reflect the Department of Education's assessment of the administrative work required to be performed in schools at the time of translation.

The assessment of duties has taken into account the number of school enrolments, location, number and type of administrative support staff, type of school and any other specific business activities a particular school may undertake. This approach is a significant departure from the previous classification arrangements, (based on school enrolments only) and reflects a holistic assessment of the duties required to be performed.

Translation Arrangements

1. Translation from the previous award to the classification band shown in the above tables occurs with effect on 5 March 2009.
2. Due to the complexity and size of colleges, College Administrative Managers in Colleges are translated to Band 6 Range 2 with effect on 5 March 2009.
3. SEOs in high schools with Full Time Enrolments (FTE) greater than 650 and where the SEO has 4 or more years experience at Admin and Clerical Level 7, or higher, as at 5 March 2009 and has been assessed as meeting or exceeding the performance and development requirements at their most recent performance assessment, are

translated to Band 6 Range 2 with effect from the first full pay period on or after 5 March 2009.

Review Provisions

Individual employee duties are classified according to the classification standards of this Award and the duties required to be undertaken. The parties to the award agree the translation arrangements of this Appendix reflect the work value of the duties as at the date of translation. The Review Process of Appendix 1 of this Award has been accommodated by the assessment of the duties required to be performed, the assignment of classifications and the translation arrangements of this Appendix. The Review Process of Appendix 1 will not apply to this Targeted Occupational Group as a result of the negotiated settlement that has been reached by the parties.

Individual employees' rights for a review of classification have effect for changes in duties and responsibilities that occur after the effective date of the translation, i.e. after 5 March 2009.

**APPENDIX 12 - TRANSPORT SAFETY AND INVESTIGATION OFFICER -
DEPARTMENT OF STATE GROWTH**

All Transport Safety and Investigation Officers are currently classified at General Stream Band 4 of this Award. This Appendix provides a Transport Safety and Investigation Officer an opportunity of progression to General Stream Band 5.

Progression from General Stream Band 4 to General Stream Band 5 is through the demonstration of competence and effective performance as assessed by way of the Agency's performance management process and completed Certificate IV in Government Investigations or equivalent qualification (as determined by the Head of Agency or delegate).

This is a voluntary process with no requirement for any Transport Safety and Investigation Officer to undertake the formal qualification of Certificate IV in Government Investigations or equivalent qualification.

Salary progression through the levels of each Band is based on demonstrated competence and effective performance as assessed by way of the Agency's performance management process.

A Transport Safety and Investigation Officer in General Stream Band 4 may apply at any time to progress to General Stream Band 5 having completed a Certificate IV in Government Investigations or equivalent qualification (as determined by the Head of Agency or delegate) and having served a minimum of six months as a Transport Safety and Investigation Officer.

Appointment of new Transport Safety and Investigation Officer is to be at General Stream Band 4, lowest level of Range 2. However, subject to qualifications, skills and experience by the appointee a higher level of salary may be appropriate up to and including General Stream Band 4, highest level of Range 2.

Provided in circumstances where a Transport Safety and Investigation Officer has obtained a relevant Diploma or Advanced Diploma encompassing competencies equating to Certificate IV in Government Investigations or its equivalent qualification it is deemed an equivalent qualification for the purposes of advancement as prescribed by this Appendix.

APPENDIX 13 - INLAND FISHERIES SERVICE

The provisions of the Tasmanian State Service Award apply to employees who are engaged by the Inland Fisheries Service (IFS) except as otherwise specified by the compensatory allowance specified by this Appendix

Inland Fisheries Service Compensatory Allowance

Part IV, Clause 7	Coxswains Allowance
Part VI and VII, Clause 3	Overtime
Part VI, Clause 5 and Part VII, Clause 4	Availability and Recall Allowance
Part VII, Clause 1	Saturday, Sunday and Holiday Work

Subject to the conditions above, a Compensatory Allowance equivalent to 10% of an employee's normal salary rate is to be paid to Inland Fisheries staff in recognition and in lieu of the following:

3. APPLICATION PROCESS

Upon the commencement of their employment probation officers will be provided with the relevant training and information to enable them to undertake the duties of the position as outlined in the Statement of Duties.

The classification descriptors for progressing through the Advancement Assessment Points will be provided to all probation officers as part of their induction process and will be available at any time from their supervisor.

Progression through salary points within a band range and through Advancement Assessment Points is facilitated via the Community Corrections performance development framework.

All probation officers will undertake a formal performance development meeting with their supervisor every six months. At the first meeting the probation officer, in conjunction with their supervisor, will develop a Performance Development Plan (PDP), which includes specific goals and milestones.

This PDP will form the basis of the probation officers progression through the salary points including a plan enabling progression through the Advancement Assessment Points, should probation officers wish to progress.

Probation officers are required to have been on the previous band and salary range for at least 12 months before applying to progress through the Advancement Assessment Point. Probation officers will be required to progress through each of the salary points up to the Advancement Assessment Points unless exceptional circumstances exist and they can demonstrate the ability to progress earlier.

The process describing how a probation officer will be assessed against the classification descriptors at each Advancement Assessment Point is included in an internal Community Corrections policy and is available to all probation officers.

$$\frac{(\text{AFTERNOON SHIFT HOURS} + \text{NIGHT SHIFT HOURS}) \text{ X5}}{\text{NUMBER OF ROSTERED WEEKS}}$$

(c) Hours of Work

The standard hours are 38 hours per week. For a shift worker, the hours are averaged over each 5 week roster cycle.

The standard hours for shift workers are 8, 9 or 10 hours per shift.

(d) Overtime

The employer may request an employee to work reasonable overtime in excess of the rostered shift hours.

An employee may refuse to work overtime in circumstances where the working of such overtime would result in the employee working hours which are unreasonable having regard to:

- (i) any risk to the employee's health and safety;
- (ii) the employee's personal circumstances including family responsibilities;
- (iii) the needs of the workplace;

- (iv) the notice (if any) given by the employer of the overtime and by the employee of their intention to refuse it; and
- (v) any other relevant matter.

Overtime is to be paid at the rate of double the employee's normal rate of salary.

(e) Rosters

A roster must not require any employee to work in excess of 96 hours in a fortnightly pay period.

Any changes made to 24 Hour Rotational and non-24 Hour Rotational Shift Rosters in terms of employees' work patterns and balance of night and afternoon shifts will be done in consultation between the employer and employee(s).

The roster for each work area must be displayed in a prominent and easily accessible place for all employees of the particular work area.

The roster must be displayed 4 weeks in advance of its operation and any approved changes made to the work area roster must be displayed as soon as practicable.

(g) Individual Employee Shift Changes

If the employer alters an employee's rostered shift:

- (i) without the consent of the employee or
- (ii) without 5 full calendar days' notice (the notice period) and

The employer is to notify an employee in person, by phone or by email of any alteration to a rostered shift as soon as is practicable. Notification is not merely leaving a phone message or sending an email, but receiving acknowledgment from the employee of the change. An employee should not unreasonably avoid contact from the employer.

(h) Changes to Work Area Rosters

The employer must provide at least 14 days notice (*the notice period*) of a roster alteration in a work area, unless there are Emergency Circumstances or all employees in the area agree to the alteration.

If these requirements are not met, all affected employees are entitled to be paid double the normal rate of salary for all altered shifts worked during the notice period.

(i) Emergency Circumstances

A roster may be altered without notice in the following circumstances:

- i. a state of emergency;
- ii. the exercising of emergency powers under the Emergency Management Act 2006; or

Afternoon Shift (Monday to Friday)	50 hours
Night Shift (Monday to Friday)	44 hours (employees on a 24 Hour Rotational Shift Roster) 48 hours (all other employees)

The maximum hours do not apply if an employee has arranged an approved swap or the employee agrees to work shifts in excess of the above amounts.

For the purpose of calculating the maximum hours prescribed above, afternoon shifts may be counted as night shifts.

(k) Meal Breaks

Employees working an 8 hour shift are entitled to a 20 minute paid meal break to be taken within 5 hours of commencing a shift or as soon as practicable after 5 hours.

Employees working a 9 or 10 hour shift are entitled to a 30 minute paid meal break to be taken within 5 hours of commencing a shift or as soon as practicable after 5 hours.

An employee is to remain available for a recall to work during the paid meal break.

After rostered duty unless the period of overtime is one and a half hours or less, an employee prior to commencing overtime is to be allowed a paid meal break of twenty minutes at the normal rate of salary. The employer and the employee may agree to a variation of this provision provided that no employee is to be required to work for more than five hours without a meal break.

(l) Shift Sequences, Changeovers and Break

Rotating rosters are to follow a regular sequence:

All night shifts are to be rostered consecutively in the sequence of shifts.

A roster may change to or from a sequence of night shifts only when rostered days off are provided.

Where a changeover occurs between shift types in the sequence of shifts, the minimum break between such shifts is 12 hours.

The variation in starting times of a sequence of night shifts, afternoon shifts or day shifts over a roster cycle must not exceed 3 hours.

(m) Rostered Days Off

For employees rostered on a **24 Hour Rotational Shift Roster**, rostered days off must be a minimum of 2 consecutive days unless there has been a sequence of 2 or more consecutive night shifts in which case rostered days off must be a minimum of 4 consecutive days.

For employees rostered on a **Non-24 Hour Rotational Shift Roster**, rostered days off after a night shift sequence must be a minimum of 3 consecutive days where up to 3 night shifts have been worked.

Where 4 night shifts are worked consecutively a minimum of 4 consecutive days off will be rostered.

In all other circumstances, rostered days off must be a minimum of 2 consecutive days.

(n) Recreation Leave

Full time shift employees are entitled to 228 hours recreation leave per annum.

Full time day work employees are entitled to 152 hours.

Part-time employees are entitled to the equivalent recreation leave prescribed in this clause in proportion to the hours worked compared to full time employees.

(o) Part Time Employment

The weekly hours of part time employees are prescribed in their employment contract.

If a part time employee is directed by the employer to work additional hours over the hours prescribed in their contract of employment, the employee is to be paid at the rate of double the normal rate of salary for all additional hours worked.

A part time employee recalled to duty at short notice is entitled to be paid double time for all time worked. Short notice is defined as any request to work a shift on the day of the request or any notification after 1800 hours the day prior to the required shift.

If a part time employee requests to work additional hours over the hours prescribed in their contract of employment, the employee is to be paid at the normal rate of salary for all additional hours.

(p) Casual Employment

Casual employees are not entitled to the annual allowance. A casual employee is entitled to receive a 25% loading in lieu of paid leave entitlements and holidays with pay as prescribed by this award. In addition to the loading, a casual employee is entitled to an additional:

15% loading for working afternoon and night shifts.

- v. Ordinary hours of work and full-time equivalence

In determining these matters the following principles will apply:

b. Salary and Classification level

Employees covered by the scope of this Appendix, other than those covered by the Allied Health Professionals Agreement No. 2 of 2019, will translate from their HAHSA general stream classification to the same TSSA general stream classification in this Award that has a salary level equal to or the next highest salary level within the Band when compared to their existing HAHSA salary together with the HAHSA leave loading entitlement.

Once translated employees will be entitled to progression under this Award on their normal anniversary date, and subject to any salary increases as agreed from time to time.

For employees for whom a translation as set out above would result in them translating to a reduced salary level within the Band, and cannot be translated to the next Band, the following will apply:

- iii. HAUSA B7-R2-L3 employees will translate to TSSA B7-R2-L3 but be paid a salary of \$123,596 per annum.

These salaries will be personal to the individuals covered by the scope of this Appendix and consist of HAUSA salary, leave loading entitlement from HAUSA, plus a 0.5% added to make up the total salary and will be subject to any approved salary increases as agreed from time to time.

Employees covered by the scope of this Appendix who are also covered by the Allied Health Professionals Agreement No. 2 of 2019, will translate from their Schedule 1 (HAUSA classification) to a Schedule 2 (TSSA classification) that has a salary level equal to or the next highest salary level within the Band when compared to their existing Schedule 1 salary together with the HAUSA leave loading entitlement.

Once translated employees will be entitled to progression under that Agreement on their normal anniversary date, and subject to any salary increases as agreed from time to time.

For employees for whom a translation as set out above would result in them translating to a reduced salary level within the Band, and cannot be translated to the next Band, the following will apply:

d. Recreation Leave

Employees will transfer with their current HAHSAs Recreation Leave accrual in hours and will accrue Recreation Leave going forward consistent with this Award.

Employees will be covered by the Recreation Leave provisions of this Award.

e. Pay Cycle Arrangements

The HAHSAs pay cycle is Sunday to Saturday before the pay day. The pay cycle in this Award is Thursday to Wednesday (pay day) and the pay day is in the opposite week to HAHSAs.

Employees will transition to the pay cycle in this Award.

In practical terms for this first pay this will mean getting a normal HAHSAs pay, then getting smaller pay under this Award the following week, and then getting a full pay a fortnight later.

f. Ordinary Hours of Work

Employees will transition from HAHSAs ordinary hours based on full-time hours of 38 per week to ordinary hours under this Award based on full-time hours of 36.75 per week.
