J. MEAL ALLOWANCES

1. Where an officer is required to commence duty at his headquarters not less than one and a half hours before, or to remain on duty for not less than one and a half hours after, the normal hours of duty, and that requirement necessitates his obtaining a meal away from home, that officer shall, subject to this paragraph, be paid a meal allowance at the following rates:

</tr>
</tbody>
</table>

(b) in the case of a meal provided by the officer himself, a meal allowance of $1.55 for each meal so provided.

3. The meal allowances prescribed in this subclause shall not be paid unless the permanent head of the department in which the officer is employed is satisfied that the officer was required to perform his duties at such a place and time that it was not reasonably practical for him to return to his normal place of residence for a meal, and that the officer, in the case where a meal is purchased, did in fact incur the expense claimed, and unless -

S085
(a) in the case of breakfast, the officer was required to commence duty not less than one and a half hours before his normal hour for commencing duty; and

(b) in the case of dinner, the officer was required to remain on duty for not less than one and a half hours after his normal hour for ceasing duty.

PROVIDED that a registered plumber, relieving or acting in the capacity of Foreman Plumber shall not, whilst so acting, be eligible for any such allowance.

L. PLUMBER’S REGISTRATION ALLOWANCE

An officer who is a plumber registered as such by the appropriate State authority shall, in addition to his normal salary, be paid a Registration Allowance at the rate of $14.20 per week.

M. RECREATION LEAVE ALLOWANCE

During a period of recreation leave an officer shall be paid an allowance by way of additional salary, calculated at the rate of salary prescribed for the relevant classification by an award of the Tasmanian Industrial Commission as follows:

Officers other than those employed on Shift Work - An officer who during the period of such recreation leave would have worked on day work only - an allowance calculated at the rate of 17.5 per cent of his normal salary, plus where applicable, any allowance of a permanent nature payable to such officer and deemed by the controlling authority concerned to be in the nature of additional salary.

Shift Worker - An officer who but for the period of recreation leave would have worked shift work - an allowance calculated at the rate of 17.5 per cent of his normal salary plus, where applicable any allowances of a permanent nature payable to such officer and deemed by the controlling authority to be in the nature of additional salary. Provided that an officer who would have received shift payments as prescribed by Clause 10B paragraph 1 and Clause 10B paragraph 4 of this award had he not been on recreation leave during the relevant period, and where such shift payments would have entitled him to a greater monetary amount than an
allowance of 17.5 per cent of his normal salary plus where applicable allowances, his recreation leave allowance shall be calculated as an amount equivalent to the shift payment he would have received in accordance with his projected shift roster.

PROVIDED THAT such allowance shall -

(a) be calculated on the basis of a maximum period in any one leave year as follows:

(i) in the case of a seven-day shift worker a period of five weeks recreation leave; and

(ii) in all other cases a period of four weeks recreation leave;

(b) in no case where the allowance is calculated on the basis of 17.5 per cent of normal salary shall it exceed $393 per annum on and from the first day of October 1986, in respect of all recreation leave accrued during the previous 12 months.

(c) not apply to proportionate recreation leave accrued by an officer in the leave year of the year of termination of service where such officer voluntarily resigns or whose services are terminated for disciplinary or other good reason;

(d) be calculated in the case of -

(i) a non-shift worker, at the salary rate applicable to the officer concerned, on the first day of October in the year in which the recreation leave is credited; and

(ii) a shift worker, where the allowance is calculated as to projected shift roster, at the salary rate applicable to the officer concerned as at the date of commencement of recreation leave; and

(iii) a shift worker, where the allowance is calculated at 17.5 per cent of his normal salary, at the salary rate applicable to the officer concerned on the first day of October in the year in which the recreation leave is credited.

(e) be calculated at the salary rate applicable to the officer concerned on the first day of October in the year in which the recreation leave is credited;

(f) not be cumulative. Any balance of such allowance due to an officer at the expiration of a period of one year following the date upon which the recreation leave was credited shall be paid to such officer as soon as is practicable after the date of the expiration of such period.
PROVIDED FURTHER THAT:

Notwithstanding the foregoing, during the period 1.9.86 to 31.8.87 (such period to be referred to as the "relevant period") the following shall apply:

1. No permanent full-time or permanent part-time employee subject to this award shall suffer involuntary retrenchment.

2. During the relevant period any dispute arising regarding the alleged involuntary retrenchment of any employee, except where consistent with the normal turnover of labour, (e.g. casuals and temporaries employed for a specific period or purpose) shall be referred to the Commission for determination.

3. Subject to 9., all employees to whom this clause applies shall forego not less than or more than one full year's entitlement to recreation leave allowance during the relevant period.

4. The amount of allowance to be foregone by shift workers shall be calculated as if the shift worker were a day worker. The difference between the amount calculated on that basis and payment according to projected roster shall be retained by the employee during the relevant period.

5. Where more than one payment falls due to an employee during the relevant period, the first such payment only shall be foregone (provided that payment represents a full year's entitlement), and the second entitlement shall be retained by the employee.

6. Where at the end of the relevant period an employee has not foregone any allowance due to deferred leave or for any other reason, the amount that would have been foregone shall be debited against the employee's recreation leave card and only the residue (being the difference between the amount that would otherwise fall due and the amount debited against his leave card at the end of the relevant period) shall be payable to the employee in due course.

7. For the purpose of determining the amount to be foregone or debited, the calculation shall be based upon the employee's actual or notional salary as at 1.10.85.

8. An employee who, having foregone one entitlement during the relevant period, subsequently resigns, shall not be entitled to a refund of the amount foregone.

9. A person who is engaged during the relevant period shall have his recreation leave card debited on a pro rata basis at the end of the relevant period and calculated in accordance with 7.
10. Any dispute regarding calculation or entitlement may be referred to the Commission for determination.

11. Except for the purpose of recovering amounts debited in accordance with 6. and 9., this provision shall cease to operate after 31.8.87.

INTERPRETATION:

The intention of the foregoing, whether ascertainable from the words used or not, is to ensure that each employee otherwise entitled to recreation leave allowance shall, during the relevant period, or where leave has been deferred as soon as possible thereafter, forego not more than one or less than one recreation leave allowance during that period.

For shift workers the amount to be foregone is to be calculated on a notional basis as if the shift worker were a day worker instead. The residue of the shift worker's normal "payment as to roster" allowance shall remain an entitlement to the shift worker concerned.

Persons commencing during the relevant period shall also forego a pro rata amount calculated on the same formula.

Where no recreation leave allowance becomes payable during the relevant period, the employee shall not, simply for that reason, be excused from foregoing the actual or notional amount that would have otherwise have been foregone during the relevant period.

Where calculated amounts cannot, for technical reasons, be foregone during the relevant period, those or the pro-rated amounts are to be debited against any entitlement falling due outside the relevant period.

It is a condition of this provision that during the relevant period no employee subject to this award shall suffer involuntary retrenchment, except in accordance with the normal and customary turnover of labour. (e.g. casual employees engaged intermittently, or temporaries engaged for a specific purpose or for a specified period.)

It is also intended that disputes regarding alleged individual involuntary retrenchment or calculation of individual amounts to be foregone be referred to the Commission for determination - at least in the first instance.

This recreation leave allowance clause continues to apply during the relevant period but only to the extent permitted by the foregoing.

Except for the purpose of recovering amounts not actually recovered during the relevant period, the proviso ceases to have effect after 31 August 1987.
N. TRAINING COURSES AND CONFERENCES ALLOWANCE

An officer who is required or is authorised to attend either a training course, conference or other similar function where full accommodation is provided at no cost to such officer, he shall be paid an allowance for incidental expenses for each day of such attendance at the rate of:

<table>
<thead>
<tr>
<th>Rate per Day</th>

<tbody>
<tr>
<td>(a) Within this State</td>
<td>7.70</td>

<tr>

PROVIDED THAT no officer shall be entitled to the benefits of this paragraph for more than three months in any one continuous period.
