#### **7. DEFINITIONS**

- (a) General Definitions

**'Casual Employee'** means a person engaged to work for a period not exceeding five consecutive days, or on an irregular basis as required by the employer.

**This document is translated from the original order and is not in itself a legal document. No responsibility is taken for any discrepancy that may arise between this document and the order that was printed and published by the Printing Authority of Tasmania.**

**'Employee'** means a person employed under the provisions of the *Tasmanian State Service Act 1984*.

**'Employer'** means the Minister for Public Sector Administration.

**'Full-time employee'** means a person engaged to work for the full ordinary weekly hours of work of the relevant position.

**'Part-time employee'** means a person engaged to work on a regular basis for a lesser number of ordinary weekly hours than is applicable to an equivalent full-time employee.

(b) Classification Standard Definitions

**'Administrative supervision'** means persons working under administrative supervision would normally have the work area defined in terms of broadly stated responsibilities and functions. They are expected to undertake work within this framework and would not usually be told what is to be done. The person would not normally receive technical instruction from their supervisor.

The person has a broad framework of trade or subject matter knowledge and extensive experience. Within this framework they would be required to make informed decisions relating to their own work, the work of their area and the supervision of that area.

The person's own performance and the overall performance of their area are kept under review through oral and written work reports. Inspection of the work area would be infrequent.

**'Direct supervision'** means persons working under direct supervision are usually given a few easily understood instructions. Where appropriate, deadlines and priorities for task completion would also be given.

While the person may be expected to use some judgment in carrying out routine recurring assignments, it is expected that deviations, problems or unfamiliar situations not covered in general instructions would be referred to the supervisor.

The work is normally subject to progress checks, and the final product or results are usually checked.

**'Direction'** refers to instructions and guidance to subordinate operational staff by senior personnel. It includes direction from non-human sources such as manuals, codes, standards, etc.

**'General supervision'** means persons working under general supervision would be provided with general instructions usually covering only the broader aspects of the work, or where there are unusual situations which do not have clear precedents. This allows some latitude for staff to select the appropriate method and sequence in completing their tasks or assignments.

**This document is translated from the original order and is not in itself a legal document. No responsibility is taken for any discrepancy that may arise between this document and the order that was printed and published by the Printing Authority of Tasmania.**

The person normally has a good knowledge and makes more involved decisions within the confines of this knowledge.

Tasks and assignments may be subject to progress checks usually to ensure in broad terms, that satisfactory progress is being made. Completed work may be evaluated for suitability and conformity to policy and requirements.

**'Limited direction'** means persons working under limited direction are provided with a clear statement of overall objectives and the resources available. In conjunction with their supervisor they decide on projects and assignments to be carried out and set deadlines.

The person is fully competent and very experienced in a technical sense and requires little guidance during the performance of assignments. The person would have authority to plan and carry out assignments, using some latitude in approach to achieve the desired objectives.

Completed work is reviewed only in terms of flexibility, compatibility with other work, or effectiveness in meeting defined objectives.

**'Limited supervision'** means persons working under limited supervision would be expected to have a broad trade or subject matter knowledge and wide experience. They perform work in accordance with broadly based standing instructions. In a technical sense, the person is fully competent and very experienced requiring little guidance.

The person is expected to report on the work of the area required. The area's progress and performance would normally be inspected at irregular intervals. The standard of product performance of the area is kept under review.

**'Supervision'** means the supervision given to subordinate operational staff by senior personnel and consists of ensuring adherence to directions, solving operational problems, giving decisions on operational solutions proposed by subordinate personnel and reviewing and checking the work of operational staff.

  - the qualification specified in the Training Agreement is successfully completed; and
  - the apprentice has the necessary practical experience to achieve competency in the skills covered by the Training Agreement. The determination as to whether this condition has been met shall be by agreement between the Registered Training Organisation, the employer and the apprentice. Where there is a disagreement concerning this matter the matter may be referred to the Tasmanian State Training Authority for determination; and
  - the requirements of the Tasmanian State Training Authority and any requirements of the relevant Industry Skills Council in respect to demonstration of competency and any minimum necessary work experience requirements are met; and

(d) School Based Apprenticeships

(i) Definition

This subclause applies to school based apprentices. A school based apprentice is a person who is undertaking an apprenticeship in accordance with this clause while also undertaking a course of secondary education.

(ii) Wage rates

The hourly rates for full-time apprentices as set out in this award apply to school based apprentices for total hours worked including time deemed to be spent in off-the-job training.

For the purposes of the above paragraph, where a school based apprentice is a full time school student, the time spent in off-the-job training for which the apprentice is paid is deemed to be 25 per cent of the actual hours each week worked on-the-job. The wages paid for training time may be averaged over the semester or year.

**This document is translated from the original order and is not in itself a legal document. No responsibility is taken for any discrepancy that may arise between this document and the order that was printed and published by the Printing Authority of Tasmania.**

(iii) Off-the-job training

A school based apprentice is allowed, over the duration of the apprenticeship, the same amount of time to attend off-the-job training as an equivalent full-time apprentice.

For the purposes of this subclause, off-the-job training is structured training delivered by a Registered Training Organisation separate from normal work duties or general supervised practice undertaken on-the-job.

(iv) Duration of apprenticeship

The duration of the apprenticeship shall be as specified in the training agreement or contract for each apprentice. The period so specified to which the apprentice wage rates apply shall not exceed six years.

(v) Progression through wage structure

School based apprentices progress through the wage scale at the rate of 12 months' progression for each two years of employment as an apprentice.

The rates of pay are based on a standard apprenticeship of four years. The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school based apprentice undertaking the applicable apprenticeship.

(vi) Conversion from a school based to full-time apprenticeship

Where an apprentice converts from a school based to a full-time apprenticeship, all time spent as a full-time apprentice counts for the purposes of progression through the wage scale. This progression applies in addition to the progression achieved as a school based apprentice.

(vii) Award entitlements

School based apprentices are entitled to pro rata entitlements available to employees covered by this award.

(e) Part-time and Casual Employees

(i) Employees are to be paid in the same ratio that their ordinary weekly hours bear to the ordinary weekly hours of equivalent full-time employees.

(ii) Casual employees are to be paid a loading of 20 percent to compensate for having no entitlement to payment for annual leave, sick leave and holidays not worked.

(iii) A casual employee is to be engaged by the hour with a minimum payment of three hours for each day worked.

**This document is translated from the original order and is not in itself a legal document. No responsibility is taken for any discrepancy that may arise between this document and the order that was printed and published by the Printing Authority of Tasmania.**

- (a) An employee classified up to and including Level 10 is entitled to a higher duties allowance only when the employee acts in and performs the duties of a higher-classified position for a minimum period of 10 consecutive working days and the acting position is two or more levels higher than the employee's substantive classification;
