(g) Salaries for School Based Apprenticeships

(i) Definition

This subclause applies to school based apprentices. A school based apprentice is a person who is undertaking an apprenticeship in accordance with this clause while also undertaking a course of secondary education.

(ii) Wage Rates

The hourly rates for full-time apprentices as set out in this award apply to school based apprentices for total hours worked including time deemed to be spent in off-the-job training.

For the purposes of the above paragraph, where a school based apprentice is a full time school student, the time spent in off-the-job training for which the apprentice is paid is deemed to be 25 per cent of the actual hours each week worked on-the-job. The wages paid for training time may be averaged over the semester or year.

(iii) Off-The -Job-Training

A school based apprentice is allowed, over the duration of the apprenticeship, the same amount of time to attend off-the-job training as an equivalent full-time apprentice.

For the purposes of this subclause, off-the-job training is structured training delivered by a Registered Training Organisation separate from normal work duties or general supervised practice undertaken on-the-job.

(iv) Duration of Apprenticeship

The duration of the apprenticeship is to be as specified in the training agreement or contract for each apprentice. The period so specified to which the apprentice wage rates apply is not to exceed six years.

(v) Progression Through Wage Structure

School based apprentices progress through the wage scale at the rate of 12 months' progression for each two years of employment as an apprentice.

The rates of pay are based on a standard apprenticeship of four years. The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school based apprentice undertaking the applicable apprenticeship.

(vi) Conversion from a School Based to Full Time Apprenticeship

Where an apprentice converts from a school based to a full-time apprenticeship, all time spent as a full-time apprentice counts for the purposes of progression through the wage scale. This progression applies in addition to the progression achieved as a school based apprentice.

School based apprentices are entitled to pro rata entitlements available to employees covered by this award.

PART III – CLASSIFICATION AND RELATED MATTERS

1. CLASSIFICATION DESCRIPTORS

(a) Introduction

(i) Purpose:

The purpose of classification descriptors is to categorise the wide range of occupations and different types of work across the Tasmanian State Service into distinct work value levels, to which salaries are aligned.

The classification standards are broad and describe the core features of work at each band from seven perspectives called job components. The classification descriptors determine the appropriate classification for the duties assigned to employees.

(ii) "Best Fit":

The job components have equal weight or effect and no description within a component has more importance than another. Some descriptors, however, are more relevant in describing different types of work than others, and therefore will have more influence in classifying that work. Naturally, not each and every descriptor applies to any individual job. These descriptors are appropriately used when particular descriptors of job components and the overall theme or "feel" of a particular band provides the "best fit" to an employee's duties.

In using the descriptors it is important to consider particular organisational arrangements, such as the reporting relationships above and below specifically assigned duties.

(iii) Similarity of Descriptors:

The descriptors of some job components at different bands are similar because of shared requirements which mean the key differences in different work value levels lie in other features of the work.

(b) Qualifications and Essential Requirements

(i) Qualifications:

(1) The employer may determine that a qualification is essential according to the nature of the work to be undertaken. The qualification may be provided by a university, a vocational education organisation or a registered and accredited training provider.

(ii) Essential Requirements:

The employer may determine that certain requirements need to be met according to the nature of the work to be undertaken.

(c) Features

The following are the key features of the Classification Model:

(i) There six bands with an Advancement Assessment Point in Bands 1, 4 and 6 which provide for two ranges within those bands.

(ii) Work is described in seven job components for each band.

The components are:

(1) Focus:

The primary purpose of work at each band, including the range of objectives and activities.

(2) Context and Framework:

The operating environment and decision-making framework for work at each band.

(3) Expertise:

The qualifications, knowledge and experience required for work at a particular band.

(4) Interpersonal Skills:

Oral and written communication skills and the ability to lead people and manage relationships.

(5) Judgement:

Critical thinking, problem solving and decision-making requirements of each band.

(6) Influence of Outcomes:

The influence and effect that work of a satisfactory standard would have on the outcomes required of each band.

(7) Responsibility for Outcomes:

The principal responsibilities of work at each band.

(iv) The Band descriptors define work in 4 broad levels according to the focus of the work and the framework in which it is performed. These are as follows:

(1) Bands 1, 2 and 3

Work involves the application of practices, methods and standards according to existing guidelines, systems and processes.

(2) Bands 4, 5 and 6

Work involves the maintenance and modification of guidelines, systems and processes according to a defined policy and regulatory operating environment. The operating environment is Agency-specific in terms of organisational design, planning, structures and interpretation of government objectives.

2. REFERENCE FRAMEWORK

The following definitions have been adopted to complement the classification descriptors. They reflect the hierarchical nature of the work undertaken in complex State Service organisations. The work performed by individuals in these organisations may range across one or more aspects of this reference framework. Invariably, however, the principal objective of the work of an individual employee aligns more closely with one aspect than another.

(a) Task

A defined piece of work which forms part of a unit of activity.

(b) Discipline

A branch of instruction. For example: botany, horticulture fire-fighting, track-work vermin control, , underwater diving, carpentry.

(c) Field

An area or sphere of operation or activities. For example: Occupational Health and Safety, Training and Development, Expenditure Control.

(d) Activities

Work and actions of related fields that typically combine within a functional (Branch) or program area.

(e) Program

A program may stand alone or located within a functional unit. Typically involves related disciplines within a function of an Agency or related fields that range across functional areas. May have a defined life span and/or includes a project.

(f) Function

A related and aligned area of activities combined to form a unit (typically a Branch) within the structure of a Division.

(g) Policy

Create, design, develop, model, trial, test, modify, adopt or implement a course of action.

(h) Strategy

Policy implementation – what, how, by whom, when and where.

3. SUMMARY OF DIFFERENCES BETWEEN BANDS

(a) Band 1

Work involves routine tasks requiring the application of precise practices according to existing processes with strictly limited scope and discretion.

(b) Difference Between Band 1 and Band 2

Band 2 undertakes multiple and diverse tasks which require some independent judgement in how they are performed. Performance is assessed by the satisfactory completion of tasks consistent with an increasing degree of independent management of work.

(c) Difference Between Band 2 and Band 3

Band 3 tasks are complex and involve intricate and unrelated techniques that require may require qualified and specialised skills. The exercise of independent judgement is integral to the work and non-standard requirements require considerable creativity and initiative. Assistance is provided to a supervisor.

(d) Difference Between Band 3 and Band 4

Band 4 work is directed at co-ordinating and integrating the operational functions to be undertaken, or towards understanding and interpreting the decision-making framework within which the work activity occurs, or aspects of both, depending upon range of the activities of the work area.

(e) Difference Between Band 4 and Band 5

Band 5 work is directed at co-ordinating and integrating the operational procedures to be undertaken, that is, the systems and processes for program and service delivery within which a multitude of tasks are performed. High level specialised skill and expertise in a particular discipline or field of activity.

(f) Difference Between Band 5 and Band 6

Band 6 work applies the decision-making framework (policies, rules and regulations) in support of program or service delivery of a defined field of activity, which may involve more than one discipline. Considerable autonomy of approach in delivering outcomes and the advice and recommendations provided are regarded as definitive for that activity.

6. STATE SERVICE ACCUMULATED LEAVE SCHEME

An employee is to be entitled to participate in the State Service Accumulated Leave Scheme under the terms and conditions specified in this clause.

The scheme is to be known as the State Service Accumulated Leave Scheme (SSALS).

(a) Summary of Scheme

The SSALS allows the employer to approve Plans under which participating employees will, by taking a reduction in normal salary for a given period, become entitled at the end of that period to a pre-determined amount of special ("accumulated") leave during which they will be paid salary at the same reduced rate.

(b) Interpretation

The conditions and administrative arrangements in the SSALS are to be administered in conjunction with the *State Service Act 2000* and the State Service Regulations 2001.

'Accumulated leave' means the period of time that is accumulated under the Plan as leave during a work period.

'Leave period' means the period specified in a Plan when a participating employee is absent from work on accumulated leave.

'Normal salary' means the salary that would be paid to a participating employee if that person was not participating in a Plan and includes salary expressed as an annual rate, fortnightly rate, weekly rate, daily rate or hourly rate. It includes all allowances that are paid as an annual rate, fortnightly rate, weekly rate, daily rate or hourly rate but not overtime payments and shift work penalty rates unless they are paid as a component of an annualised rate.

'Operational requirements' means the need to ensure that the Agency is to be operated as effectively, efficiently and economically as possible.

'Participating employee' means an employee whose election to participate in a Plan has been approved by the employer.

'Plan' means an arrangement in the SSALS consisting of a specified work period followed by a specified leave period.

'Work period' means the period specified in a Plan when an employee is at work.

(c) Plans

The SSALS consists of arrangements known as Plans. For example:

<u>Work Period</u>	<u>Percentage of Normal Salary payable during the period of the Plan</u>	<u>Leave Period</u>
Four Years	80% "The Four over Five Year Plan"	One Year
Three Years	75% "The Three over Four Year Plan"	One Year
Twenty Months	83.3% "The 20 over 24 Month Plan"	Four Months
Eighteen Months	75% "The 18 over 24 Month Plan"	Six Months
Forty Eight Weeks	92.3% "The 48 over 52 Week Plan"	Four Weeks
Forty Weeks	76.9% "The 40 over 52 Week Plan"	Twelve Weeks
(Other Plan) "A"	$\frac{A}{A+B} \times 100 = \dots\%$ (to one decimal place)	(Other Plan) "B"
..... Years	The over..... Year
..... Months Months
..... Weeks Weeks

(d) Application of SSALS

- (ii) The employer may make any Plan or Plans available to employees in an Agency or an employee or employees can request the employer that a Plan be made available to them.
- (iii) A Plan may be made available to any permanent employee (full or part-time) including an employee who works shifts. A Plan may be made available to any temporary employee the term of whose contract of employment is sufficient to cover the period of the Plan.
- (iv) The Head of Agency determines:
 - (1) whether one or more Plans will be made available to all or only some of the employees;
 - (2) whether particular Plans will be made available to particular categories of employees;
 - (3) whether quotas will apply to the number of employees who may participate in a Plan, and whether quotas will apply to any category of employees;

- (4) the selection arrangements where quotas are imposed; and
 - (5) the commencement date of any Plan.
- (v) Where an employee participating in a Plan is promoted, transferred, seconded or otherwise moved either into another Agency or within their own Agency the Head of the Agency in which the employee is thereafter employed will, after consultation with the employee and taking into account the operational requirements of the Agency, determine whether or not the employee is able to continue on their Plan.
 - (vi) If the Head of Agency determines under subclause (d)(v) that the employee is not able to continue on their Plan, the Head of Agency may forthwith terminate the employee's Plan whereupon the employee becomes entitled to a period of accumulated leave which bears the same proportion to the total leave period of the Plan as the period worked under the Plan bears to the total work period, to be remunerated at the percentage of normal salary payable during the period of the Plan. The employee may apply to the Head of Agency at any time to take that leave, and it is to be granted as soon as can be, consistent with the operational requirements of the Agency.
- (e) How to Participate in SSALS
- (i) Where the Head of an Agency offers a Plan to an employee the employee may elect to participate in the Plan by lodging an election in writing with the Head of Agency in any form which the Head of Agency may approve.
 - (ii) The Head of the Agency may accept or reject an election to participate made in accordance with subclause (e)(i).
 - (iii) The Head of Agency will notify the employee in writing if the employee's election has been disapproved.
 - (iv) Where the employee's election is approved, the Head of Agency will endorse approval on the form of election which was lodged by the employee, and will provide the employee with a copy of that endorsed form.
 - (v) An employee's election under subclause (e)(i) does not entitle the employee to participate in a Plan until it is approved by the Head of Agency in accordance with subclause (e)(iv).
 - (vi) A participating employee wishing to withdraw from a Plan must apply in writing to their Head of Agency who may refuse the application if he or she considers such refusal to be reasonably required to meet the operational requirements of the Agency.

Suspension may occur either during the work period or the leave period of the Plan, and will be for such period as may be specified by the Head of Agency in the instrument by which the Plan is suspended.

Where the total period of the Plan comprises five years or more (for example a four over five Plan) the Plan may only be suspended with the agreement of the employee.

An employee is entitled to compensation for reasonable expenses incurred by the employee, but not otherwise recoverable, as a result of the Head of Agency's decision to suspend the Plan otherwise than on the application of the employee.

(iii) Accumulated Leave

Accumulated leave is to be managed in accordance with any legislative requirements and with any guidelines which may be issued by the relevant Head of Agency which are not inconsistent with the SSALS.

A record is to be kept to show at all times the exact amount of the accumulated leave for each participating employee.

On withdrawal from a Plan, the accumulated leave is to be taken immediately or either wholly or in part at a later time approved by the Head of Agency, at the percentage of normal salary payable during the period of the Plan. It is not to be paid out unless the participating employee's employment ends.

Where a participating employee moves to another Agency the exact amount of the accumulated leave and salary for that employee is to be transferred to that Agency not later than twenty working days after the date of movement.

Long service leave entitlements are to be taken otherwise than during the leave period of a Plan.
