(i) He may by giving not less than one month's notice of his intention to do so, stand off for the duration of the close down all employees in the plant or section or sections concerned and to allow those who are not then qualified to four full weeks leave pursuant to subclause (a) hereof, paid leave on a proportionate basis at the appropriate rate of wage as prescribed in subclauses (k) and (l) hereof for 2.923 hours for each 38 ordinary hours worked. The hourly rate shall be calculated by dividing the appropriate weekly rate by 38.

(ii) An employee who has then qualified for four full week's leave pursuant to subclause (a) hereof and has also completed a further week or more of continuous service shall be allowed his leave, and shall subject to subclause (d) hereof also be paid at the appropriate rate of wage as prescribed by subclauses (k) and (l) hereof for 2.923 hours for each 38 ordinary hours worked since the close of his last twelve-monthly qualifying period. The hourly rate shall be calculated by dividing the appropriate weekly rate by 38.

(v) An employer may close down his plant for one or two separate periods for the purpose of granting annual leave in accordance with this subclause. If the employer closes down his plant in two separate periods one of those periods shall be for a period of at least twenty-one consecutive days, including non-working days.
PROVIDED that where the majority of employees concerned agree, an employer may close down the plant, work section or sections in one, two or three separate periods for the purpose of granting annual leave in accordance with this subclause.

PROVIDED ALWAYS that if an employer closes down his plant on more than one occasion, one of those periods shall be for a period of at least fourteen consecutive days including non-working days. In such cases, the employer shall advise the employees concerned of the proposed dates of each close down before asking them for their agreement.

(g) Part close down and part rostered leave

An employer may close down his plant, or section thereof, for a period of less than twenty-eight consecutive days and allow the balance of the annual leave due to an employee in one continuous period in accordance with a roster. The granting and taking of annual leave in accordance with this subclause shall be subject to the agreement of the employer and the majority of employees in the plant or a section or sections thereof respectively.

An employer who desires employees to take annual leave on a part close down and part rostered basis shall, before asking the employees concerned for their agreement advise them of the proposed date of the close down and details of annual leave roster.

(h) Broken leave

The annual leave shall be given and taken in one or two continuous periods, one of those two periods must be of at least twenty-one consecutive days, including non-working days.

PROVIDED that, if the employer and an employee so agree the annual leave entitlement may be given and taken in two separate periods, neither of which is at least twenty-one consecutive days including non-working days, or in three separate periods.

PROVIDED ALWAYS that an employee may, with the consent of his employer, take short-term annual leave, not exceeding four days in any calendar year at a time or times separate from any of the periods determined in accordance with this subclause.

(i) Time of taking leave

Annual leave shall be given at a time fixed by the employer within a period not exceeding six months from the date when the right to annual leave accrued and after not less than two months notice to the employee.
PROVIDED that by agreement between an employer and an employee, annual leave may be taken within a period of twelve months from the date at which it falls due and with less than four weeks notice to the employee.

(j) Leave allowed before due date

An employer may allow annual leave to an employee before the right thereto has accrued due but where leave is taken in such a case a further period of annual leave shall not commence to accrue until after the expiration of the twelve months in respect of which annual leave had been taken before it accrued.

Where leave has been granted to an employee pursuant to this subclause before the right thereto has accrued due and the employee subsequently leaves or is discharged from the service of the employer before completing the twelve months continuous service in respect of which the leave was granted the employer may for each completed week of continuous service of the qualifying period of twelve months not served by the employee deduct from whatever remuneration is payable upon the termination of the employment one fifty-second of the amount of wage paid on account of annual leave, which amounts shall not include any sums paid for any of the holidays prescribed by Clause 18 - Holidays with Pay of this award.

(k) Payment for period of annual leave

SPECIAL NOTE

1. Explanation of Averaging System

As provided in paragraph 14 (b)(ii) an employee whose ordinary hours may be more or less than 38 in any particular week of a work cycle, is to be paid his wages on the basis of an average of 38 ordinary hours so as to avoid fluctuating wage payments each week. An explanation of the averaging system of paying wages is set out below:

(i) Clause 19 - Hours of Work - Day Workers, subclause 2, Implementation of 38 Hour Week provides in subparagraphs (b)(iii) and (b)(iv) that in implementing a 38-hour week the ordinary hours of an employee may be arranged so that he is entitled to a day off, on a fixed day or rostered day basis, during each work cycle. It is in these circumstances that the averaging system would apply.
(ii) If the 38-hour week is to be implemented so as to give an employee a day off in each work cycle this would be achieved if, during a work cycle of 28 consecutive days (that is, over four consecutive weeks) the employee's ordinary hours were arranged on the basis that for three of the four weeks he worked 40 ordinary hours each week and in the fourth week he worked 32 ordinary hours. That is, he would work for 8 ordinary hours each day, Monday to Friday inclusive for three weeks and 8 ordinary hours on four week days only in the fourth week - a total of 19 days during the work cycle.

(iii) In such a case the averaging system applies and the weekly wage rates for ordinary hours of work applicable to the employee shall be the average weekly wage rates set out for the employee's classification in Clause 8 - Wage Rates, and shall be paid each week even though more or less than 38 hours are worked that week.

In effect, under the averaging system, the employee accrues a 'credit' each day he works actual ordinary hours in excess of the daily average which would otherwise be 7 hours 36 minutes. The 'credit' is carried forward so that in the week of the cycle that he works on only four days, his actual pay would be for an average of 38 ordinary hours even though, that week, he works a total of 32 ordinary hours.

Consequently, for each day an employee works 8 ordinary hours he accrues a 'credit' of 24 minutes (0.4 hours). The maximum 'credit' the employee may accrue under this system is 0.4 hours on 19 days, that is, a total of 7 hours 36 minutes.

(iv) As provided in Special Note (2) Absences from Duty, of this clause, an employee will not accrue a 'credit' for each day he is absent from duty other than on annual leave, long service leave, public holiday, paid sick leave, workers' compensation, bereavement leave or jury service. When an employee is absent from duty because of annual leave, long service leave, public holidays, paid sick leave, workers' compensation, bereavement leave or jury service, his entitlement is determined in accordance with the appropriate award provision dealing with such entitlements.

2. Absences From Duty

(i) An employee whose ordinary hours are arranged in accordance with subparagraphs (b)(iii) and (b)(iv) of Clause 19 - Hours of Work - Day Workers, subclause 2, Implementation of 38 Hour Week and who is paid wages in accordance with subclause (b) hereof and is absent from duty (other than on annual leave, long service leave, public holidays, paid sick leave, workers' compensation, bereavement leave or jury service) shall, for each day he is so absent, lose average pay for that day calculated by dividing his average weekly wage rate by five (5).
An employee who is so absent from duty for part of a day shall lose average pay for each hour or part thereof he is absent at an hourly rate calculated by dividing his average daily pay rate by 8.

(ii) Provided further, when such an employee is absent from duty for a whole day he will not accrue a 'credit' because he would not have worked ordinary hours that day in excess of 7 hours 36 minutes for which he would otherwise have been paid. Consequently, during the week of the work cycle he is to work less than 38 ordinary hours he will not be entitled to average pay for that week. In that week, the average pay will be reduced by the amount of the 'credit' he does not accrue for each whole day during the work cycle he is absent.

The amount by which an employee's average weekly pay will be reduced when he is absent from duty (other than on annual leave, long service leave, public holidays, paid sick leave, workers' compensation, bereavement leave or jury service), is to be calculated as follows:

Total of credits not accrued during cycle \( \times \) average weekly pay

38
