'B1-R1-1' means level 1 in Range 1 of Band 1, and so forth.

'B1-R1-A' means level A in Range 1 of Band 1, and so forth. However, the use of the letter indicates the salary level is transitional and it will cease by March 2011.

Progression within a range is via progression criteria. An employee may advance through more than one salary level within the same band on the same date, as determined by the employer.

PROVIDED that progression from Band 1 and Band 2 in the Professional Stream, is via Advancement Assessment.

(iii) The new level of salary is payable immediately an advancement or progression has effect.

(iv) Appointment or promotion may be to any level within a band, as determined by the employer.

An application for approval of a traineeship scheme is to identify the relevant union and demonstrate to the satisfaction of the Authority that the above-mentioned consultation and negotiation has occurred. A traineeship scheme is to include a standard format to be used for a Traineeship Agreement.

A salary in excess of B2-R1-1 may continue to be paid at the discretion of the relevant Head of Agency.

(g) Salaries for School Based Apprenticeships

(i) Definition

This subclause applies to school based apprentices. A school based apprentice is a person who is undertaking an apprenticeship in accordance with this clause while also undertaking a course of secondary education.

(ii) Wage Rates

The hourly rates for full-time apprentices as set out in this award apply to school based apprentices for total hours worked including time deemed to be spent in off-the-job training.

For the purposes of the above paragraph, where a school based apprentice is a full time school student, the time spent in off-the-job training for which the apprentice is paid is deemed to be 25 per cent of the actual hours each week worked on-the-job. The wages paid for training time may be averaged over the semester or year.
(iii) Off-The-Job Training

A school based apprentice is allowed, over the duration of the apprenticeship, the same amount of time to attend off-the-job training as an equivalent full-time apprentice.

For the purposes of this subclause, off-the-job training is structured training delivered by a Registered Training Organisation separate from normal work duties or general supervised practice undertaken on-the-job.

(iv) Duration of Apprenticeship

The duration of the apprenticeship is to be as specified in the training agreement or contract for each apprentice. The period so specified to which the apprentice wage rates apply is not to exceed six years.

(v) Progression Through Wage Structure

School based apprentices progress through the wage scale at the rate of 12 months' progression for each two years of employment as an apprentice.

The rates of pay are based on a standard apprenticeship of four years. The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school based apprentice undertaking the applicable apprenticeship.

(vi) Conversion from a School Based to Full Time Apprenticeship

Where an apprentice converts from a school based to a full-time apprenticeship, all time spent as a full-time apprentice counts for the purposes of progression through the wage scale. This progression applies in addition to the progression achieved as a school based apprentice.

(vii) Award Entitlements

School based apprentices are entitled to pro rata entitlements available to employees covered by this award.

(h) Salaries for Cadets – Bachelor Degree

(i) The salary on commencement for an employee undertaking a cadetship, or equivalent, is B1-R1-3.

7. **TERMS OF APPRENTICESHIPS/TRAINEESHIPS**

(a) Competency Based Training

   (i) Apprenticeships/traineeships under this award are competency based.

   The actual time taken to complete an apprenticeship/traineeship will therefore vary depending upon factors such as the intensity of training and the variety of work experience.

   (ii) The nominal period of the apprenticeship/traineeship is to be four years, however, this period may be varied as follows:

   (1) With the approval of the Office of Post Compulsory Education & Training, to recognise prior learning including vocational education and training in school, pre-apprenticeship programs and other prior learning, the nominal period of the contract may be shortened to reflect the proportion of the competencies already acquired.

   (2) It may be extended to enable the apprentice/trainee to complete the competencies.

   (iii) Notwithstanding the nominal period, the apprenticeship/traineeship is to be completed in shorter period when:

   (1) The qualification specified in the Training Agreement is successfully completed; and

   (2) The apprentice/trainee has the necessary practical experience to achieve competency in the skills covered by the Training Agreement. The determination as to whether this condition has been met is to be by agreement between the Registered Training Organisation, the employer and the apprentice. Where there is a disagreement concerning this matter the matter may be referred to the Tasmanian State Training Authority for determination; and

   (3) The requirements of the Office of Post Compulsory Education & Training and any requirements of the relevant National Industry Skills Council in respect to demonstration of competency and any minimum necessary work experience requirements are met; and

   (4) In respect to trades where there are additional licensing or regulatory requirements under Tasmanian State legislation, when these requirements are met.

   (iv) The salary rates applying to apprenticeships based on competency based training progression are as set out in Clause 6 of this Part.
(b) Terms of Trades Apprenticeship/Traineeship

Upon the attainment of 100% of the total competency units for the relevant Certificate qualification specified in the training agreement and subject to subclause (b) of this clause an apprentice/trainee will exit with the relevant Certificate qualification.

PART III – CLASSIFICATION AND RELATED MATTERS

1. CLASSIFICATION DESCRIPTORS

(a) Introduction

(i) Purpose:

The purpose of classification descriptors is to categorise the wide range of occupations and different types of work across the Tasmanian State Service into distinct work value levels, to which salaries are aligned.

The classification standards are broad and describe the core features of work at each band from seven perspectives called job components. The classification descriptors determine the appropriate classification for the duties assigned to employees.

(ii) “Best Fit”:

The job components have equal weight or effect and no description within a component has more importance than another. Some descriptors, however, are more relevant in describing different types of work than others, and therefore will have more influence in classifying that work. Naturally, not each and every descriptor applies to any individual job. These descriptors are appropriately used when particular job components and the overall theme or “feel” of a particular band provides the “best fit” to an employee's duties.

In using the descriptors it is important to consider particular organisational arrangements, such as the reporting relationships above and below specifically assigned duties.

(iii) Similarity of Descriptors:

The descriptors of some job components at different bands are similar because of shared requirements which mean the key differences in different work value levels lie in other features of the work.

(b) Qualifications and Essential Requirements

(i) Qualifications:

(1) General Stream

The employer may determine that a qualification is essential according to the nature of the work to be undertaken. The qualification may be provided by a university, a vocational education organisation or a registered and accredited training provider.
(2) Professional Stream

The employer is to determine the appropriate degree of at least three years duration, or equivalent, as provided by a university relevant to the professional duties to be undertaken is required.

(ii) Essential Requirements:

The employer may determine that certain requirements need to be met according to the nature of the work to be undertaken.

(c) Features

The following are the key features of the Classification Model:

(i) The General Stream has ten bands with an Advancement Assessment Point in Bands 1, 4, 6, 7 and 8 which provide for two ranges within those bands.

(ii) The Professional Stream has six bands, with an Advancement Assessment Point in Bands 1, 3 and 4. Salary progression from Band 1 to Band 2 occurs without promotion.

(iii) Work is described in seven job components for each band.

The components are:

(1) Focus:

The primary purpose of work at each band, including the range of objectives and activities.

(2) Context and Framework:

The operating environment and decision-making framework for work at each band.

(3) Expertise:

The qualifications, knowledge and experience required for work at a particular band.

(4) Interpersonal Skills:

Oral and written communication skills and the ability to lead people and manage relationships.
(5) Judgement:

Critical thinking, problem solving and decision-making requirements of each band.

(6) Influence of Outcomes:

The influence and effect that work of a satisfactory standard would have on the outcomes required of each band.

(7) Responsibility for Outcomes:

The principal responsibilities of work at each band.

(iv) The General Stream descriptors define work in 4 broad levels according to the focus of the work and the framework in which it is performed. These are as follows:

(1) Bands 1, 2 and 3

Work involves the application of practices, methods and standards according to existing guidelines, systems and processes.

(2) Bands 4, 5 and 6

Work involves the maintenance and modification of guidelines, systems and processes according to a defined policy and regulatory operating environment. The operating environment is Agency-specific in terms of organisational design, planning, structures and interpretation of government objectives.

(3) Bands 7 and 8

Work involves the interpretation and modification of policy and regulatory settings according to operational requirements (internal – how we work) and service delivery (external - what we do) demands. A broader whole-of-Agency and/or whole-of-government perspective.

(4) Bands 9 and 10

Work involves significant new strategic, policy and decision-making frameworks that apply to specific areas of specialisation of extremely high sensitivity or wide strategic importance, or which have far reaching implications for government or beyond and whole-of-government and whole-of-community and whole-of-discipline perspective.
2. REFERENCE FRAMEWORK

The following definitions have been adopted to complement the classification descriptors. They reflect the hierarchical nature of the work undertaken in complex State Service organisations. The work performed by individuals in these organisations may range across one or more aspects of this reference framework. Invariably, however, the principal objective of the work of an individual employee aligns more closely with one aspect than another.

(a) Task
A defined piece of work which forms part of a unit of activity.

(b) Discipline
A branch of instruction. For example: botany, accountancy, journalism, information science, underwater diving, carpentry.

(c) Field
An area or sphere of operation or activities. For example: Occupational Health and Safety, Training and Development, Expenditure Control.

(d) Activities
Work and actions of related fields that typically combine within a functional (Branch) or program area.

(e) Program
A program may stand alone or located within a functional unit. Typically involves related disciplines within a function of an Agency or related fields that range across functional areas. May have a defined life span and/or includes a project.

(f) Function
A related and aligned area of activities combined to form a unit (typically a Branch) within the structure of a Division.

(g) Policy
Create, design, develop, model, trial, test, modify, adopt or implement a course of action.

(h) Strategy
Policy implementation – what, how, by whom, when and where.
3. SUMMARY OF DIFFERENCES BETWEEN GENERAL STREAM BANDS

(a) Band 1
Work involves routine tasks requiring the application of precise practices according to existing processes with strictly limited scope and discretion.

(b) Difference Between Band 1 and Band 2
Band 2 undertakes multiple and diverse tasks which require some independent judgement in how they are performed. Performance is assessed by the satisfactory completion of tasks consistent with an increasing degree of independent management of work.

(c) Difference Between Band 2 and Band 3
Band 3 tasks are complex and involve intricate and unrelated techniques that require qualified and specialised skills. The exercise of independent judgement is integral to the work and non-standard requirements require considerable creativity and initiative. Assistance is provided to a supervisor.

(d) Difference Between Band 3 and Band 4
Band 4 work is directed at co-ordinating and integrating the operational functions to be undertaken, or towards understanding and interpreting the decision-making framework within which the work activity occurs, or aspects of both, depending upon range of the activities of the work area.

(e) Difference Between Band 4 and Band 5
Band 5 work is directed at co-ordinating and integrating the operational procedures to be undertaken, that is, the systems and processes for program and service delivery within which a multitude of tasks are performed. High level specialised skill and expertise in a particular discipline or field of activity.

(f) Difference Between Band 5 and Band 6
Band 6 work applies the decision-making framework (policies, rules and regulations) in support of program or service delivery of a defined field of activity, which may involve more than one discipline. Considerable autonomy of approach in delivering outcomes and the advice and recommendations provided are regarded as definitive for that activity.

(g) Difference Between Band 6 and Band 7
Band 7 work leads a complex activity or program unit requiring the development and/or determination of the operational methodology according to the decision-making framework and service delivery requirements.
(h) Difference Between Band 7 and Band 8

Band 8 work leads a complex functional or program unit and develops program strategies, policies and operational approach. The outcomes of the functional or program activities have a direct and significant effect on the achievement of organisational objectives.

(i) Difference Between Band 8 and Band 9

Band 9 work leads a multi-functional or multi-disciplinary program where operational policies and precedents are not definitive and outcomes are of critical strategic importance across Agencies or at government level.

(j) Difference Between Band 9 and Band 10

Band 10 work leads a multi-functional or multi-disciplinary program which may influence government policy and involve a high degree of sensitivity or risk and where outcomes can influence national debate in the field of expertise.

Bands 9 and 10 cater for work requiring high level specialist expertise, as demonstrated by associated attraction and retention issues, in excess of Band 8 but which does not have the management and/or corporate focus required of Senior Executive Service work. These duties and responsibilities will continue to be required to satisfy Senior Executive Service criteria and work value considerations.

The difference between Bands 9 and 10 will also often result from market forces, the impact on government, the significance of outcomes and reporting arrangements.

Subject to subclause (c)(i) and unless agreed otherwise between the employer and employee, an employee may commence maternity leave at any time within six weeks immediately prior to the expected date of birth.

An employee who continues to work within the six week period immediately prior to the expected date of birth, or an employee who elects to return to work within six weeks after the birth of the child is required to provide a medical certificate to the employer stating that she is fit to work on her normal duties.

(3) particulars of any period of parental leave sought or taken by the other parent.

6. STATE SERVICE ACCUMULATED LEAVE SCHEME

An employee is to be entitled to participate in the State Service Accumulated Leave Scheme under the terms and conditions specified in this clause.

The scheme is to be known as the State Service Accumulated Leave Scheme (SSALS).

(a) Summary of Scheme

The SSALS allows the employer to approve Plans under which participating employees will, by taking a reduction in normal salary for a given period, become entitled at the end of that period to a pre-determined amount of special ("accumulated") leave during which they will be paid salary at the same reduced rate.

(b) Interpretation

The conditions and administrative arrangements in the SSALS are to be administered in conjunction with the State Service Act 2000 and the State Service Regulations 2001.

'Accumulated leave' means the period of time that is accumulated under the Plan as leave during a work period.

'Leave period' means the period specified in a Plan when a participating employee is absent from work on accumulated leave.

'Normal salary' means the salary that would be paid to a participating employee if that person was not participating in a Plan and includes salary expressed as an annual rate, fortnightly rate, weekly rate, daily rate or hourly rate. It includes all allowances that are paid as an annual rate, fortnightly rate, weekly rate, daily rate or hourly rate but not overtime payments and shift work penalty rates unless they are paid as a component of an annualised rate.

'Operational requirements' means the need to ensure that the Agency is to be operated as effectively, efficiently and economically as possible.
'Participating employee' means an employee whose election to participate in a Plan has been approved by the employer.

'Plan' means an arrangement in the SSALS consisting of a specified work period followed by a specified leave period.

'Work period' means the period specified in a Plan when an employee is at work.

(c) Plans

The SSALS consists of arrangements known as Plans. For example:

(ii) The employer may make any Plan or Plans available to employees in an Agency or an employee or employees can request the employer that a Plan be made available to them.

(iii) A Plan may be made available to any permanent employee (full or part-time) including an employee who works shifts. A Plan may be made available to any temporary employee the term of whose contract of employment is sufficient to cover the period of the Plan.

(iv) The Head of Agency determines:

(1) whether one or more Plans will be made available to all or only some of the employees;

(2) whether particular Plans will be made available to particular categories of employees;
(3) whether quotas will apply to the number of employees who may participate in a Plan, and whether quotas will apply to any category of employees;

(4) the selection arrangements where quotas are imposed; and

(5) the commencement date of any Plan.

(v) Where an employee participating in a Plan is promoted, transferred, seconded or otherwise moved either into another Agency or within their own Agency the Head of the Agency in which the employee is thereafter employed will, after consultation with the employee and taking into account the operational requirements of the Agency, determine whether or not the employee is able to continue on their Plan.

(vi) If the Head of Agency determines under subclause (d)(v) that the employee is not able to continue on their Plan, the Head of Agency may forthwith terminate the employee's Plan whereupon the employee becomes entitled to a period of accumulated leave which bears the same proportion to the total leave period of the Plan as the period worked under the Plan bears to the total work period, to be remunerated at the percentage of normal salary payable during the period of the Plan. The employee may apply to the Head of Agency at any time to take that leave, and it is to be granted as soon as can be, consistent with the operational requirements of the Agency.

(e) How to Participate in SSALS

(i) Where the Head of an Agency offers a Plan to an employee the employee may elect to participate in the Plan by lodging an election in writing with the Head of Agency in any form which the Head of Agency may approve.

(ii) The Head of the Agency may accept or reject an election to participate made in accordance with subclause (e)(i).

(iii) The Head of Agency will notify the employee in writing if the employee's election has been disapproved.

(iv) Where the employee's election is approved, the Head of Agency will endorse approval on the form of election which was lodged by the employee, and will provide the employee with a copy of that endorsed form.

(v) An employee's election under subclause (e)(i) does not entitle the employee to participate in a Plan until it is approved by the Head of Agency in accordance with subclause (e)(iv).

(vi) A participating employee wishing to withdraw from a Plan must apply in writing to their Head of Agency who may refuse the application if he or she considers such refusal to be reasonably required to meet the operational requirements of the Agency.
(f) Conditions and Administrative Arrangements

The work period specified in a Plan must be completed before a participating employee can commence the leave period specified in that Plan.

(ii) Suspension of Plan

The Head of Agency on the application of the employee or otherwise can in writing suspend a Plan.

In deciding to suspend a Plan, either on application of the employee or otherwise, the Head of Agency will take into account the employee's circumstances and response to any proposal to suspend, and what is reasonably required to meet the operational requirements of the Agency. Suspension may occur either during the work period or the leave period of the Plan, and will be for such period as may be specified by the Head of Agency in the instrument by which the Plan is suspended.

Where the total period of the Plan comprises five years or more (for example a four over five Plan) the Plan may only be suspended with the agreement of the employee.

An employee is entitled to compensation for reasonable expenses incurred by the employee, but not otherwise recoverable, as a result of the Head of Agency's decision to suspend the Plan otherwise than on the application of the employee.

(iii) Accumulated Leave

Accumulated leave is to be managed in accordance with any legislative requirements and with any guidelines which may be issued by the relevant Head of Agency which are not inconsistent with the SSALS.

A record is to be kept to show at all times the exact amount of the accumulated leave for each participating employee.

On withdrawal from a Plan, the accumulated leave is to be taken immediately or either wholly or in part at a later time approved by the Head of Agency, at the percentage of normal salary payable during the period of the Plan. It is not to be paid out unless the participating employee's employment ends.

Where a participating employee moves to another Agency the exact amount of the accumulated leave and salary for that employee is to be transferred to that Agency not later than twenty working days after the date of movement.
(iv) Payment during the Leave Period

During the leave period the participating employee is to receive salary at the percentage of normal salary payable during the period of the Plan. Normal employment conditions will apply as if the employee was on annual leave. An employee may, on request, receive a lump sum payment in either one or two instalments.

Salary Progression will continue throughout the period of a Plan.

(vi) Superannuation

Superannuation contributions are to be paid throughout the period of a Plan and in accordance with the rate of salary applicable under the Plan.

A participating employee's superannuation contributions (where the employee is a contributor to a superannuation scheme other than Retirement Benefits Fund) and entitlements depends upon the employment arrangements for that employee.

An Agency's superannuation responsibilities and financial obligations for participating employees depends upon the nature of the employment arrangements for each participating employee.

Long service leave entitlements are to be taken otherwise than during the leave period of a Plan.

Where a participating employee is absent on long service leave in the work period of a Plan the employee's participation in the Plan is not postponed for the duration of that long service leave, and salary is to be paid at the rate of salary applicable under the Plan.

APPENDIX 11 - SCHOOL ADMINISTRATIVE STAFF TSSA TRANSLATION

This appendix details the classification translation structure that applies to school administrative staff effective from 5 March 2009. These arrangements result from the review process as outlined in Appendix 1, Clause 2 regarding Targeted Occupational Groups, specifically School Support Staff, (Executive Officers and Administrative Assistants) Department of Education. These arrangements derive from negotiations and agreement with the Community and Public Sector Union (State Public Services Federation Tasmania) Inc.
Five generic Statements of Duties (SoDs) have been developed and approved for School Administrative staff and reflect the work value of the classification of duties assigned to schools and the classification standards in the award.

Classification translation for School Executive Officers (SEOs) is in accordance with the classification of duties assigned to schools, as per Table 2.0 below.

Classification translations for other School Administrative Staff are in accordance with the classification of duties assigned to schools, as per Table 1.0 below.

The classification of duties assigned to schools is based on the different levels of skills and responsibilities required for the duties that are performed. The classifications reflect the Department of Education's assessment of the administrative work required to be performed in schools at the time of translation.

The assessment of duties has taken into account the number of school enrolments, location, number and type of administrative support staff, type of school and any other specific business activities a particular school may undertake. This approach is a significant departure from the previous classification arrangements, (based on school enrolments only) and reflects a holistic assessment of the duties required to be performed.

**Translation Arrangements**

1. Translation from the previous award to the classification band shown in the above tables occurs with effect on 5 March 2009.

2. Due to the complexity and size of colleges, College Administrative Managers in Colleges are translated to Band 6 Range 2 with effect on 5 March 2009.

3. SEOS in high schools with Full Time Enrolments (FTE) greater than 650 and where the SEO has 4 or more years experience at Admin and Clerical Level 7, or higher, as at 5 March 2009 and has been assessed as meeting or exceeding the performance and development requirements at their most recent performance assessment, are translated to Band 6 Range 2 with effect from the first full pay period on or after 5 March 2009.
Review Provisions

Individual employee duties are classified according to the classification standards of this Award and the duties required to be undertaken. The parties to the award agree the translation arrangements of this Appendix reflect the work value of the duties as at the date of translation. The Review Process of Appendix 1 of this Award has been accommodated by the assessment of the duties required to be performed, the assignment of classifications and the translation arrangements of this Appendix. The Review Process of Appendix 1 will not apply to this Targeted Occupational Group as a result of the negotiated settlement that has been reached by the parties.

Individual employees' rights for a review of classification have effect for changes in duties and responsibilities that occur after the effective date of the translation, i.e. after 5 March 2009.
APPENDIX 12 - TRANSPORT INSPECTORS - DEPARTMENT OF INFRASTRUCTURE, ENERGY AND RESOURCES

All Transport Inspectors are currently classified at Band 4 of this award. This Appendix provides Transport Inspectors an opportunity of progression to Band 5.

Progression from Band 4 to Band 5 by a Transport Inspector is through the demonstration of competence and effective performance as assessed by way of the Agency's performance management process and completed Certificate IV in Government (Road Transport Compliance).

This is a voluntary process with no requirement for any Transport Inspector to undertake the formal qualification, Certificate IV in Government (Road Transport Compliance).

Salary progression through the levels of each Band is based on demonstrated competence and effective performance as assessed by way of the Agency's performance management process.

A Transport Inspector in Band 4 may apply at any time to progress to Band 5 having completed Certificate IV in Government (Road Transport Compliance) and having served a minimum of six months as a Transport Inspector.

Appointment of new Transport Inspectors is to be at Band 4, B4-R2-1. However subject to qualifications, skills and experience held by the appointee a higher level of salary may be appropriate up to and including Band 4, B4-R2-4.

Provided in circumstances where a Transport Inspector has obtained a relevant Diploma or Advanced Diploma encompassing competencies equating to Certificate IV in Government (Road Transport Compliance) it is deemed an equivalent qualification for the purposes of advancement as prescribed by this Appendix.
APPENDIX 13 - INLAND FISHERIES SERVICE

- Part IV, Clause 5    First Aid Allowance
- Part IV, Clause 7    Coxswains Allowance
- Part VI and VII, Clause 3    Overtime
- Part VI, Clause 5 and Part VII, Clause 4    Availability and Recall Allowance
- Part VII, Clause 1    Saturday, Sunday and Holiday Work

Subject to the conditions above, a Compensatory Allowance equivalent to 10% of an employee's normal salary rate is to be paid to Inland Fisheries staff in recognition and in lieu of the following:

- Payments for 100 hours per annum of authorised overtime performed between the period of 7am to 7pm Monday to Friday, excluding public holidays.

APPENDIX 15 – PROBATION OFFICERS – DEPARTMENT OF JUSTICE

1. INTRODUCTION

This Appendix details the classification structure and standards that apply to probation officers within Community Corrections at the Department of Justice. Probation officers are employed as General Stream Band 4 and there is opportunity for them to progress to General Stream Band 5 in accordance with the processes detailed in this Appendix.

This Appendix establishes the classification descriptors for probation officers wishing to progress through the Advancement Assessment Points from:

(i) General Stream B4-R1-3 to General Stream B4-R2-1; and
(ii) General Stream B4-R2-4 to General Stream B5-R1-1.

This Appendix also establishes the classification descriptors for probation officers previously employed under the Professional Stream seeking to progress through the Advancement Assessment Point from Professional Stream B1-R1-7 to Professional Stream B2-R1-1.

A probation officer is a person employed by the Department of Justice as a Probation Officer and can carry out all duties required of the position as outlined by the Statement of Duties. This includes probation officers who may be working in the Community Service Order Unit, Programs Unit, in the position based at the Tasmania Prison Service and the position primarily responsible for undertaking court breach activities. It does not include employees working in the Court Mandated Diversion Program – a separate Advancement Assessment Point framework will be developed for those employees.

A number of the criteria are further explained in Community Corrections policy documentation relating to the implementation and application of this framework. This includes some examples of terms used in this document.

2. CLASSIFICATION DESCRIPTORS AND ADVANCEMENT ASSESSMENT POINTS

(a) General Stream Band 4 Range 1 Levels 1 - 3:

The classification descriptors of General Stream Band 4 describe the work value requirements of a probation officer.

The purpose of supplementary descriptors is to specify the work expected to be undertaken by probation officers and augment the classification descriptors in this award.

Supplementary descriptors

The classification descriptors describe the work value requirements of probation officers operating at this level. 3. APPLICATION PROCESS

Upon the commencement of their employment probation officers will be provided with the relevant training and information to enable them to undertake the duties of the position as outlined in the Statement of Duties.

The classification descriptors for progressing through the Advancement Assessment Points will be provided to all probation officers as part of their induction process and will be available at any time from their supervisor.

Progression through salary points within a band range and through Advancement Assessment Points is facilitated via the Community Corrections performance development framework.

All probation officers will undertake a formal performance development meeting with their supervisor every six months. At the first meeting the probation officer, in conjunction with their supervisor, will develop a Performance Development Plan (PDP), which includes specific goals and milestones.

This PDP will form the basis of the probation officers progression through the salary points including a plan enabling progression through the Advancement Assessment Points, should probation officers wish to progress.

Probation officers are required to have been on the previous band and salary range for at least 12 months before applying to progress through the Advancement Assessment Point. Probation officers will be required to progress through each of the salary points up to the Advancement Assessment Points unless exceptional circumstances exist and they can demonstrate the ability to progress earlier.

The process describing how a probation officer will be assessed against the classification descriptors at each Advancement Assessment Point is included in an internal Community Corrections policy and is available to all probation officers.

the employee is entitled to be paid double the employee’s normal rate of salary for all altered shifts worked.

The employer is to notify an employee in person, by phone or by email of any alteration to a rostered shift as soon as is practicable. Notification is not merely leaving a phone message or sending an email, but receiving acknowledgment from the employee of the change. An employee should not unreasonably avoid contact from the employer.

(h) **Changes to Work Area Rosters**

The employer must provide at least 14 days notice (the notice period) of a roster alteration in a work area, unless there are Emergency Circumstances or all employees in the area agree to the alteration.

If these requirements are not met, all affected employees are entitled to be paid double the normal rate of salary for all altered shifts worked during the notice period.
(i) Emergency Circumstances

A roster may be altered without notice in the following circumstances:

i. a state of emergency;

ii. the exercising of emergency powers under the Emergency Management Act 2006; or

iii. an unforeseen emergency circumstance beyond the control of the employer.

(j) Shift Maximum Hours

An employee must not be required to work in excess of the following over a 5 week cycle:

<table>
<thead>
<tr>
<th>Shift</th>
<th>Maximum Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Saturday and/or Sunday</td>
<td>55 hours within three weekends over the five week period ensuring two full weekends off in a five week cycle</td>
</tr>
<tr>
<td>Afternoon Shift (Monday to Friday)</td>
<td>50 hours</td>
</tr>
<tr>
<td>Night Shift (Monday to Friday)</td>
<td>44 hours (employees on a 24 Hour Rotational Shift Roster)</td>
</tr>
<tr>
<td></td>
<td>48 hours (all other employees)</td>
</tr>
</tbody>
</table>

The maximum hours do not apply if an employee has arranged an approved swap or the employee agrees to work shifts in excess of the above amounts.

For the purpose of calculating the maximum hours prescribed above, afternoon shifts may be counted as night shifts.

(k) Meal Breaks

Employees working an 8 hour shift are entitled to a 20 minute paid meal break to be taken within 5 hours of commencing a shift or as soon as practicable after 5 hours.

Employees working a 9 or 10 hour shift are entitled to a 30 minute paid meal break to be taken within 5 hours of commencing a shift or as soon as practicable after 5 hours.

An employee is to remain available for a recall to work during the paid meal break.

After rostered duty unless the period of overtime is one and a half hours or less, an employee prior to commencing overtime is to be allowed a paid meal break of twenty minutes at the normal rate of salary. The employer and the employee may agree to a variation of this provision provided that no employee is to be required to work for more than five hours without a meal break.
(I) Shift Sequences, Changeovers and Break

Rotating rosters are to follow a regular sequence:

All night shifts are to be rostered consecutively in the sequence of shifts.

A roster may change to or from a sequence of night shifts only when rostered days off are provided.

Where a changeover occurs between shift types in the sequence of shifts, the minimum break between such shifts is 12 hours.

The variation in starting times of a sequence of night shifts, afternoon shifts or day shifts over a roster cycle must not exceed 3 hours.

(a) Rostered Days Off

For employees rostered on a 24 Hour Rotational Shift Roster, rostered days off must be a minimum of 2 consecutive days unless there has been a sequence of 2 or more consecutive night shifts in which case rostered days off must be a minimum of 4 consecutive days.

For employees rostered on a Non-24 Hour Rotational Shift Roster, rostered days off after a night shift sequence must be a minimum of 3 consecutive days where up to 3 night shifts have been worked.

Where 4 night shifts are worked consecutively a minimum of 4 consecutive days off will be rostered.

In all other circumstances, rostered days off must be a minimum of 2 consecutive days.

(b) Recreation Leave

Full time shift employees are entitled to 228 hours recreation leave per annum.

Full time day work employees are entitled to 152 hours.

Part-time employees are entitled to the equivalent recreation leave prescribed in this clause in proportion to the hours worked compared to full time employees.

(o) Part Time Employment

The weekly hours of part time employees are prescribed in their employment contract.

If a part time employee is directed by the employer to work additional hours over the hours prescribed in their contract of employment, the employee is to be paid at the rate of double the normal rate of salary for all additional hours worked.

A part time employee recalled to duty at short notice is entitled to be paid double time for all time worked. Short notice is defined as any request to work a shift on the day of the request or any notification after 1800 hours the day prior to the required shift.

If a part time employee requests to work additional hours over the hours prescribed in their contract of employment, the employee is to be paid at the normal rate of salary for all additional hours.
(p) **Casual Employment**

Casual employees are not entitled to the annual allowance. A casual employee is entitled to receive a 20% loading in lieu of paid leave entitlements and holidays with pay as prescribed by this award. In addition to the loading, a casual employee is entitled to an additional:

- 15% loading for working afternoon and night shifts
- 50% loading for working Saturday shifts.
- 100% loading for working Sunday shifts and shifts on Holidays with Pay

(q) **Fixed-Term Variation of Duties**

Where an employee undertakes duties for a fixed term in another work area, the annual allowance applicable to that employee is to continue for a minimum period of 3 months.
